Addendum 1 – Fleet Guidelines

Addendum 2 – Equipment Check List

Addendum 4 Racing Areas

Addendum 1 - Fleet Guidelines

Prior to the event, parents are encouraged to seek the guidance of their club coaches and other parents when deciding which fleet in which to register. Event coaches will make recommendations to competitors and parents during or after the coaching clinic if they feel a sailor is better suited to a different fleet than entered. Parents are welcome to approach event coaches to discuss fleet allocation.

DEVELOPMENT FLEET GUIDELINES

The Development Fleet is for kids that don't have previous race experience or limited experience and are still learning the basic fundamentals of racing. This fleet offers a great opportunity to learn to race with an emphasis on fun!

Sailing will be a mixture of adventure sailing, racing, freestyle and any other form of sailing that the organisers deem fit.

Competitors will benefit from a high level of coaching throughout the event.

Development Fleet racing is intended to be run dependent on weather forecasts and prevailing winds. Should the conditions be such that racing is an option, this will be conducted on a separate course.

The Development Fleet programme will consist of a variety of activities, led by appropriately qualified activity leader/coach. These activities may include shore and on-water based skills, coaching and on-water games.

SILVER FLEET GUIDELINES

Participation in Silver Fleet helps competitors develop their confidence and experience on their journey to Gold Fleet. The Silver fleet suits competitors that have completed learn to race training and have fundamental skills for racing, including navigating race starts and standard race courses. Silver fleet courses are typically shorter than Gold fleet courses and also fewer races may be sailed.

Additionally, race management may decide to abandon Silver fleet racing if conditions exceed the fleet's ability. This gives competitors the opportunity to experience new challenges in racing when they still may not be quite ready for the physical and mental challenges of Gold fleet racing. Generally speaking, competitors who have reached the overall and/or female podium in Silver Fleet at previous major regattas are encouraged to enter Gold fleet.

GOLD FLEET GUIDELINES

The Gold fleet is for experienced and confident competitors who have competed in Silver Fleet in at least one to two prior regatta seasons. Competitors in Gold fleet are confident racers with the ability to tackle long courses (target times of 25 minutes to 30 minutes) and can perform in a range of conditions including heavy wave state and average wind ranging from 4 to 25 knots.
